SEPTEMBER TO REMEMBER TROPHY – RULES AND ELIGIBILITY

The Hatch September to Remember trophy is awarded to the hound of any

eligible breed, defeating the largest number of other hounds of the same breed in the two days of LVCC LGRA meets held on our priority dates in September (alternate dates will be noted in advance if the September meets need to be postponed). The trophy is given in honor of basenji Hatch (Apu Two Thirds of Niner), an enthusiastic young racer whose life was tragically cut short, and in remembrance of all our past racing hounds and champions of the heart.

The hound winning the trophy shall have achieved qualifying placement in both days' meets (i.e., not scratched, DQ, OC, DNF). The tally of hounds defeated shall include all those placing below the winner's placement, including those who scratch, DQ, OC, DNF; however, the winning hound must have finished at least one race with a higher placement than at least one other hound.

In the case of a tie among hounds otherwise eligible for the trophy, the tie will be broken in favor of the higher-scoring dog when the finishing scores from both days are summed. If the trophy is not resolved with this comparison the hound defeating the greater number of hounds on the second day of the meet will be awarded.

If a tie still remains, the tie will be broken in favor of the higher-placing dog on the second day of the event. If there is still a tie, the hound with the highest placement in the final program of the second-day meet will prevail.

If the hounds remain in contention following those tiebreakers, the hound having the higher WAVE prior to the two days of meets will earn the trophy. If still tied the dog with the earlier birth date will get it.

If the hounds were both born on the same day in the same year and got the same combined score on both days and had the same WAVE to start the weekend and beat the same number of hounds on the second day of the event and also placed the same on the final race of the second day, the tie cannot be broken and the names of both winners will be recorded on the trophy. The owners of the hounds can determine a trophy-sharing program for the item -- each holding it for a half-year and responsible for its maintenance e.g., the one holding it first will be responsible for the name plates and the one holding it second will be responsible for returning it to LVCC in good condition in time for the following year's event.
